

THE LATIN AMERICAN ASSOCIATION OF ORGANIC
GEOCHEMISTRY

ALAGO

VI ALAGO

WORKSHOP 2009

GAS HIDRATES, BITUMINOUS Shales and Coals

EXECUTIVE COMMITTEE

**PRESIDENT – JORGE A. TRIGUIS –
UFBA**

DIRECTORS

ARGENTINA

JORGE RODRIGUES

BRASIL

HENRIQUE PENTEADO - PETROBRAS

ZULEIKA CORREA DA SILVA -

COLOMBIA

DIEGO GARCIA – ICP-ECOPETROL

CUBA

JOSÉ ORLANDO QUINTERO

MEXICO

DEMETRIUS SANTAMARIA - IMP

VENEZUELA

CAROLINA OLIVARES - PDVSA

LILIANA LOPES – UCV

ALAGO'S REPRESENTATIVE

ALBERT PERMANYER – EUROPE

PAUL PHILP – USA

FINANCES: RAMSÉS CAPILLA

SECRETARIAT: REGINA CIA MOBARAH

GENERAL INFORMATION

Place: Montevideo – Uruguay

ANCAP BUILDING

Date: November 22 – 25

**Deadline for Abstracts:
September 25 -2009**

**Notification to Authors:
October 5**

**Inscriptions: return attached
form to ALAGO'S SECRETARY
rmobarah@uol.com.br**

Coast:

ALAGO'S MEMBER: US\$350,00

Non members: US\$450,00

Students: US\$50,00

THE LATIN AMERICAN ASSOCIATION OF ORGANIC GEOCHEMISTRY

ALAGO

SCIENTIFIC THEMES

Oral and poster presentations are welcome in topics related to:

- **Gas Hydrates: genesis, organic geochemistry characterization and use.**
- **Bituminous shales: organic geochemistry characterization and use**
- **Coals: genesis and organic geochemistry characterization of main deposits**

Language

The official languages of the Workshop will be Spanish, Portuguese and English. Simultaneous translation will be available for Spanish to English and English to Spanish.

Instructions for the submission of abstracts

Abstracts should be written in English, including title, name(s) and complete address(es) of the author(s), presenting clear the statements of the results achieved and their significance.

They should be from one up to four A4 pages, including tables, figures, legends, and references with Arial font, 11 points, line spacing 1,5, justified, margins (top, bottom, left and right) of 2.5 cm and paragraph spacing 2.0t. Leave on doubled space after the title centered.

Capitalized the first letter of each name in the following order: initials of name and middle name, and complete family name. Affiliation should be indicated by superscript Arabic numbers after each author's name. Leaving one and half space after authors, include a list of affiliations with full postal address for all authors. Arial 8 points, centered, single spaced between interlines. The corresponding author should be identified with an asterisk after affiliation. Arabic number and email address should be given We strongly recommend the use of MS-Word for Windows for text and figures. Title should be short and comprehensive, all capital letters, bold and centered in the top of the first page.

Figures should be of good quality, ready for reproduction with their respective legends. Insert graphics within the text, copying each figure inside a text box (locn☺). Additionally individual files for each graphic must be submitted, identify the file with the family name of the first author and the figure number (Example: SmithFlg 1 or SmithTable3). The accepted type of graphic files is TIFF (266-300 dpi) and high-res JPEG (300-600 dpi).

References in the text and at the end of the abstract shall follow the rules of Organic Geochemistry.

Abstracts should be sent as a PDF digital file via email to: rmobarah@uol.com.br
